

Newsletter of the Italian Society for Chaos and Complexity

Issue no. 9, September 2015

The aim of this newsletter is to facilitate the exchange of information and news between anyone interested in Chaos and Complexity in Italy and abroad.

Here you will find a summary of all the latest news and ongoing events. If you have any news you want to advertise please use the online suggestion form available at <http://www.sicc-it.org> or contact any member of the Society Executive Committee. For more information, please keep an eye on our website at <http://www.sicc-it.org> and on our twitter account (@SICC_IT). To become member of the Italian Society for Chaos and Complexity you can follow the instructions in the Society website. If you have comments/suggestions for future events please do not hesitate to contact us.

SICC Plenary meeting

In connection with the next Tutorial Workshop organised by the Society in Turin from 7th till 9th September 2015, we will be holding a plenary meeting of all members of the Society on Monday 7th September 2015 at 4pm. The meeting will be held at Salone d'onore - Castello del Valentino, Viale Pier Andrea Mattioli, 39 - 10125 Torino.

2015 SICC event

The 10th SICC International Tutorial Workshop "Topics in nonlinear dynamics", organized by SICC and Politecnico di Torino, will be held from 7 september 2015 to 9 september 2015 at the Castello del Valentino, Torino (ITALY). The topic of the 2015 edition is "Nonlinear Dynamics in Computational Neuroscience: from Physics and Biology to Electronic Engineering". More information, including the detailed program of the workshop, are available online: <http://www.neuro-eng-comp.polito.it/workshop/>.

Events sponsored by SICC

Training School on qualitative theory of dynamical systems, tools and applications

17/09/2015 - 19/09/2015 Urbino University, Urbino (ITALY)

<http://urbino2015.gecomplexity-cost.eu/>

The ideal candidates for the Training School are Ph.D. students, master students, post-doctoral fellows, and researchers in economics or sociology, interested in the analysis of dynamical systems with particular reference to new economic geography and regional growth applications.

Other events

35th Dynamics Days Europe

06/09/2015 - 10/09/2015 University of Exeter, Exeter (UNITED KINGDOM)

<http://emps.exeter.ac.uk/mathematics/research/dynamicsdays2015/>

International Conference on System Level approaches to Neural Engineering

21/09/2015 - 23/09/2015 Barcelona Biomedical Research Park, Barcelona (SPAIN)

<http://www.neural-engineering.eu/BarcelonaConference2015/index.html>
